Joyner Library is pleased to announce the launch of its all-new Digital Collections [portal](#). The site offers a one-stop shop for finding the Library's special collections online.

Historical items from the University Archives, manuscripts, photographs, rare books, and maps are all featured along with many other types of materials.

*With the new portal, you can find and use these items anytime, from any place!*

You can try simple or advanced searches, browse through collections, or use the subject cloud to discover items you may not have known the Library owned. Each record allows you to comment on or tag items, so you can also make your own mark on our collections. *In this little pot of gold:*

- ◆ African American history
- ◆ Agriculture
- ◆ Fine and performing arts
- ◆ Postcards of eastern NC
- ◆ Letters from the Civil War in the Robert B. Caldwell Collection
- ◆ Naval & Maritime history

- ◆ The development of transportation, manufacturing, and municipal works in eastern NC; and
- ◆ The history of ECU

In the coming months, Digital Collections will be adding more materials to this site. Sound recordings in the Centennial Oral History collection will be the next major project.

### E-FACTS

Getting materials from other libraries, especially overseas libraries, often requires a great deal of luck. So far, Joyner's ILL service has borrowed from and lent to 24 foreign countries, including Ireland!

### Special points of interest:

- Joyner introduced another new resource this semester: a [web page of tutorials created by Reference, ILL, & TRC](#) has been added to the Library's site. These tutorials can be accessed 24/7 to teach students how to use some of the Library's tools and services. [Click here](#) to access.

## “The Paul Revere Awards”

**The purpose of the award is to acknowledge publishers for their efforts in creating art for the music industry.**

The Music Library’s latest exhibit titled “The Paul Revere Awards” was unveiled in February. The display features the music scores chosen this year by the Music Publisher’s Association as recipients of an award established in honor of America’s first music engraver, Paul Revere. The purpose of the award is to acknowledge

publishers for their efforts in creating art for the music industry.

The exhibit is presented in coordination with ECU School of Music’s ninth annual NewMusic@ECU Festival, which could possibly feature some of next year’s Paul Revere Award

winners. Stop by the Music Library and enjoy the cover art when you can.
