Joyner Library is offering a free document delivery trial service for ECU faculty on the Main Campus. Journal articles that are only available in Joyner’s print volumes may be requested using the ILLiad system and will be delivered to your computer desktop. Library staff will process each request, retrieve the journal volume from the stacks, scan the article, and send an email to the requester with a link to the article. To use this service, go to the Library web page and select Interlibrary Loan under Library Services, then click Make a Request/ILLiad Logon. Enter your ILLiad user name and password or register as a first time user. Once in ILLiad, select Faculty Document Delivery Request and provide as much citation information as possible, including call number and location. Our goal is to fulfill requests within 48 hours, Monday-Thursday. But our catalog and electronic resources are always available any time day or night to ECU students, faculty, and staff. I want to wish all of you a great Thanksgiving and continued health throughout the coming holiday period.
